INTRODUCTION

BMI offers program to train a new generation of managers and entrepreneurs to face with confidence the fluid global challenges of national/international market and get them intellectually enriched. Its holiest endeavor is to equip aspiring students have a promising calling and provide innovative courses of higher learning to the careerists. BMI courses have the recognition of corporate sector/industry.

Our AIMS

BMI aims to provide quality education in basic/specialized/advance areas of commerce, engineering, trade & management including Foreign Trade, Marketing, Sales, Tourism, Pharmaceutical Marketing, Finance, Human Resource Development, Software Marketing, Hospital Management, Drug Store Management, and Insurance Management etc..

Our Vision

The Bharatiya Management Institute will continue to maintain its position on one of the leading Business Management Institute in India.

Our Mission

To educate business leaders and advance knowledge to promote the progress of global business and society.

About Our Programs

The programme best suits those who do not wish to focus on any particular area of business but want to gain a good understanding of all areas of business.

Opportunity to gain the knowledge, skills & confidence to enter a wide range of occupations within the business environment.

All the key activities common to business organization problem –solving, decision-making, strategy planning and implementation are considered within the subject & set within the Context of an increasingly global market place.

Develop their communication, interpersonal, group working and learning skills in a way that encourages them to draw on both the theory and practice of management.

Learning & Course Benefits

The students enrolling into the BMI management programs are likely to get several learning benefits from each one of the subjects of the study. Each subject is given in depth coverage so that the candidates derive maximum benefits. The more important learning benefits are identified below:

The program best suits those who do not wish to focus on any particular area of business but want to gain a good understanding of all areas of business.

Opportunity to gain the knowledge, skills & confidence to enter a wide range of occupations within the business environment.

All the key activities common to business organization problem –solving, decision-making, strategy planning and implementation are considered within the subject & set within the Context of an increasingly global market place.

Develop their communication, interpersonal, group working and learning skills in a way that encourages them to draw on both the theory and practice of management.

Particular Emphasis is placed in helping students to learn to manage their own development and to build a commitment and competence which serves them as well as they progress in their career.

A global perspective is adopted which addresses the study of international business from the start, complimented by a personal development theme & other areas pertinent to international business.

We believe that every individual has the potential to be successful provided he manages his time well to gain competence that is knowledge, to analyze opportunities and threats and knowledge to find optimal & timely solutions.

Ultimately, how much benefit you derive from a course essentially depends upon you & your willingness to learn & your ability to stretch your imagination. These benefits will accrue to you over a period of time as you understand the concepts, tools and techniques and learn to apply them. The BMI Management Programs will certainly tickle your intellectual curiosity and will open career opportunities.

MASTER PROGRAM

In the emerging knowledge-based global economy, we have to build our core competencies around powerful ideas. With the increasing complexity of business, there is urgent need for great ideas, which can be converted into effective action.

The winds of change are blowing all over the world. The transformation from regulation to liberalization, from protection to integration with international markets, & from central planning to free market economics, demand new thinking, new approaches & new skills to accelerate the momentum of growth and ensure success.

The new economics order also brings into sharp focus the necessity to efficiently & effectively channelize the resources of the world. While management at both the Macro & micro levels would be far more challenging than ever, numerous opportunities for rewarding careers are emerging in this area. These developments place a premium on well-trained young men and women possessing superior professional skills in managing the complex business environment.

Managers of tomorrow should be people of vision. They must be well equipped in knowledge and skills and inspired to lead. If you belong to this group of managers who will shape the future, equip yourself with the MASTER qualification. In this pursuit of preparing tomorrow's leaders, the BMI offer the MASTER program

The MASTER program will stretch your mind & test your limits. It will broaden your business perspective and the general management focus will give you an edge in your career progression and will prepare you to act effectively as a successful manager in the ever-changing business environment.

However, the pursuit of this MASTER program demands intellectual maturity, strength of purpose and willingness to work hard. For those endowed with inquisitive minds and the drive to succeed this program will be a voyage of discovery leading to professionally satisfying careers.

We invite all those who share our vision, goals and purpose to join hands in our efforts to build a new cadre of management professionals, who will participate actively in the growth of this era of economic liberalization and globalization.

Management Programs For

Employed corporate professionals looking to enhance their career prospects.

Acquire an additional professional qualification for the role rotation.

Fresh graduates who wish to seek an entry into the corporate world.

Personal from the Armed forces.

Housewife who wish to enhance their qualification.

Come: let us build a prosperous new world together.

Jay Education Trust Ahmedabad

“Regd. Under Public trust act. 1950” Regd. No. E/12766

Affiliated with NYKS Govt. of India,

Notes - year of established in 1999 at present Jay Education Trust Ahmedabad are working with government of Gujarat’s social welfare department for the development of children who lives in slum area. and Jay Education Trust Ahmedabad also work with government of India’s autonomous body Nehru Yuva Kendra Sangathan for Youth and Social development activities since 5 years. Jay Education Trust Ahmedabad also work in earthquake affected area in Kutch and Rajkot Districts for Rehabilitation work.

Nehru Yuva Kendra Scheme was started in 1972 by the then Ministry of Education with the objective of providing the non - student rural youth an oppurtunity to help him grow and involve in the nation-building-activities. In 1987, all the existing kendras under the NYK scheme were re-organized into an autonomous body that was formed by a resolution of Department of Youth Affairs. As a result of this endeavour, Nehru Yuva Kendra Sangathan(NYKS) was formed. It has since grown to have kendras in 501 districts of India with a network of about a quarter (0.25) million youth clubs in as many villages.

Frequently Asked Questions

How can you give MBA in 6 Months?

The program is for 2 years however we give this facility to our students wherein they can finish the program any time between 6 month and 2-years. Generally if you pursue MBA from some other institute and even if you finish your studies in 13 months you can give your exam only after 24 month. In our case if you finish your studies in 13 months, you can give your exams and get your certifications done, thus saving your own 11 months. The duration of the program completely depends on the student caliber.

Will the companies accept 6 months MBA?

Sir, first of your entire certificate will not indicate that you have finished your program in 6 months or 8 month. It just 6 months or 8 month. It just for past n years, we have been giving this fast track MBA and you can see the list of companies where our students are placed. So the Companies do accept and acknowledge this MBA.

How can you give MBA in 5 Subjects?

Sir since you already have an experience of "n" years with you, we acknowledge the fact that you already have the basic knowledge of Management through your practical life and you don't need to go through the basics again. So we have handpicked all the necessary subjects which are absolutely required for a program to be called an MBA and we have specially deigned this tailor made course for you.

Is your institute approved by AICTE &/or UGC?

Sir we have not taken the AICTE approval. There are several reasons behind that. First of all they have certain norms like to run an institute you should have 5 acres of land in an urban area or 25 acres in a non-urban area. Also your classroom size should be this much and you should have a bank balance of 2 crores. Since we are running distance learning programs what we will do with this much of land. Secondly if we take there approval we will lose out on a lot of our strong points. We will not be able to provide you with fast track education as the duration would be decided by AICTE.

Why should I go for your Institute instead of a University?

Sir it's completely your choice. The benefit that you will get by doing your MBA from our institute is as follows:

You can save a lot of time as we give you the fast track option. From a university, you will have to invest a minimum of 2-3 years whereas from our institute you can finish the program anytime between 6 months to 2 years.

A University will give an option of **5-6 specializations** but we offer you over 100 specializations

Do you provide a degree or a diploma?

Sir management programs are professional courses and the question of a degree does not arise.

We have courses from diploma to doctorate level and we provide you with the certificates.

The degrees can only be provided by the universities and since we are a self-financed autonomous body, we cannot provide you with a degree.

Can I give the exams before 6 months?

Yes sir you can, by paying the pre-examination fee of Rs.2000/- only.

Can I go for an extra specialization?

Yes sir you can go for as many specializations as you want. You have to pay Rs. 5000/- extra per specialization.

After submitting my papers, in how many days would the results be declared and when will I get the certificates?

After submitting your papers, you shall receive your certificates in 45 working days.

In how many days would I get my study material?

After enrollment you will receive your study material in 30 working days.

How many specializations do you offer?

We offer more than 100 specializations; hence we have a course for almost everyone.

You said I can give my exams sitting at home. Doesn't that mean I can cheat and write my papers?

Sir as I told you the question papers that we send you are in the form of live and practical case studies and not the direct theoretical questions where you can open the book and copy. In case studies you have to present yourself in a given situation. MBA is a application based program where our aim is to make sure that you handle the situations in your professional as well as personal life better. Generally also if you face a particular situation, where you do not know the solution, what do you do? You consult your colleagues, your books, your friends and then you learn to handle that situation. In this case also if to answer the question if you are taking anybody's help, you are learning something.

Even IIM's, IIT's have started this unique examination style called Open Book Test system.

What is MBA fast track?

Sir the program is for 2 years; however we give this facility to our students wherein they can finish the program any time between 6 month and 2-years.

I have never seen any of your Ads in the print media. Why?

Sir we belong to an NGO which is a non-profit making organization. So instead of giving the money for the ads in newspapers, we believe in using that money in helping another child.

Is your MBA equivalent to a MBA from a university?

If you are talking about the validity then it is equivalent. But in terms of the course curriculum I would say our MBA would be a little better as we update our curriculum every 6 months as compared to a university 2-3 years.

----- **THE END** -----
